# Workwear Capsule Wardrobe

Spring 2023

Ready for the 5 spring additions to The Docket's Workwear Capsule Wardrobe? With these additional five items you'll be able to create over 100 more outfits to add to your 144+ outfits!

If my math is correct, we're now working with at least 244 outfits. Adding these 100+ outfits to your previous stock of seven months of workwear gives you five more months for a total of 12 months of workwear. So with only five more additions to the Core Capsule Wardrobe you have a full year of workwear outfits. A full flipping year!

A few things to remember when you're looking at these outfit ideas: these are only the outfits that involve one of the spring additions, you'll have to download the core workwear capsule wardrobe to get those other 144\_ outfits. Some of the pieces might be different colors than you picked, I picked a lilac spring blouse but perhaps you picked a mint green. Maybe my lilac blouse won't work with the colored skirt I have but your mint green would! If you have to switch up some outfits or pass on them entirely that's up to the colors in your closet.

If you have any questions about this workwear wardrobe drop me a line at [katherine@thedocketblog.com](mailto:katherine@thedocketblog.com). Don't forget to sign up for the Capsule Emails - I plan out your outfits for the entire month and you get to see the seasonal additions before everyone else!
